Beckstoffer To Kalon Vineyard (100%)

Napa Valley's **Oakville** AVA

Production: three barrels (77 cases)

To Kalon (*toe-ka-lon*) is Greek meaning *the highest beauty or the very best*. This vineyard has been continuously planted to wine grapes since **1868**, making it one of America's oldest and definitely most venerable vineyards for growing award-winning grapes of excellence.

"If California were to have *Grand Cru status* vineyard sites,
To Kalon would certainly be one." Robert Parker

MX WINES have been featured at world-class restaurants, hotels, and resorts such as Beverly Hills Hotel, Quince and Boulevard in San Francisco, Napa Valley's Michelin Three-Star Meadowood in St. Helena, and Calistoga's Solage

Invigorating Bordeaux-like nose of blue/black fruits, cedar, forest floor, violets, and wet stones. Across the palate the wine is a graceful understated powerhouse of vibrant, flavorful blackberry and black cherry fruit, with pleasing weight and texture, refined tannins, and a soft nuanced finish. In short, this is classic To Kalon. Drink now or cellar. It has been said this is the best priced To Kalon one can find these days.
